

Made For You and Me

Every time I see a wretch drag-
ging his leg in this place

I think of the pain
he has undergone &

parents never having the means
to correct the condition. But in the Land
of the Brave they were truly free! & isn't that

really really fuckin-somethin'
totally better?--cheaper
for the rest of us too.

Hey! says Mr & Mrs Right, get out!
Love it or leave it! Yeah? Relax

already! I'll check out.
But can't leave.
